C

D

E

F

A

Stage I (12 months and up):
The seat can be rotated 180 degrees. This function with the additional footrests are perfect the start of using the tricycle with an infant.

C

Stage II (18 months and up):
The additional footrests are removed. Extra-large canopy has two positions and is made of a 50 UPF waterproof fabric to keep baby wind, rain and harmful sun rays away.

E

Stage III (24 months and up):
The parent handle, the footrests and the safety guard are removed to allow children to pedal by themselves whilst still being safely fastened in.

B

Stage I: The back support can be adjusted to two angles. Parents have total control with the adjustable and removable parent push handle.

D

Stage II: Parents can fold and unfold the basic footrests if needed. Adults can also remove the canopy where appropriate.

F

Stage IV (36 months and up):
The back support, the safety belts are removed completely to allow children to pedal by themselves.

Minimum age	12 months and above
Minimum height	70-110 cm
Max weight	25 kg
Product weight	12.8 kg
Product size	830x505x1055 mm
